

# Who can see or do something to my private body parts?

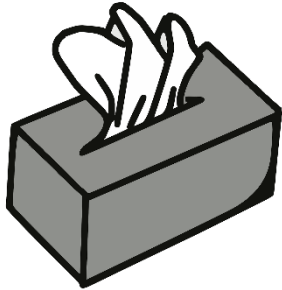

When are times that it is okay—and times when its NOT okay—for people to see or do something to your private body parts?

## **When is it okay for someone to see or do something to my private body parts?**

(Circle the correct answers—have a Safe Adult help you with this.)

- Visiting the doctor's office with another Safe Adult in the room (like mom or dad)
- Playing tag with my friends
- Taking a bath when I need help
- Wrestling with my brother or sister
- Having a Safe Adult help me if one of my private body parts is hurt
- Having someone watch me while I go the bathroom
- Having someone help me wipe after I go to the bathroom

**Cross-out the 1 thing that should NOT be used by itself when someone is helping me take a bath or clean-up after going to the bathroom.**

**What 3 words do I need to remember if someone tries to see or do something to my private body parts?**
